

Tennessee's Approved Supplemental Educational Service Providers

(revised 3/13/06)

A's and B's Tutorial Service and Learning Institute

Contact: Thomas L. Yates
P.O. Box 752274
Memphis, TN 38175-2274
877-396-8000
mathlesson@bellsouth.net

A's and B's Tutorial Service was established in 1992 and has many years of experience helping students understand math. We make math easy for everyone. We specialize in TCAP/Gateway math test score improvement, report card grade improvement, homework help and study skills. Students who come to A's and B's Tutorial Service improve academically in many other subjects in addition to math. We have provided math tutoring for the Memphis City Schools for the past three years as a state approved supplemental service provider. Our highly qualified and trained instructors have degrees in or are majoring in mathematics, engineering, science, accounting, teaching, etc. and undergo a nationwide criminal background check by the Federal Bureau of Investigation (FBI).

A to Z In-Home Tutoring

Contact: Scott Michael Hines
1300 Division Street, Suite 306
Nashville, TN 37203
(866) 505-2869
atoztennessee@aol.com
Web site: www.atoztutoring.com

A to Z In-Home Tutoring specializes in one-on-one tutoring with local certified teachers and education professionals in the comfort and convenience of the student's home at times that are convenient to the family's busy schedule. A tutor is selected to match each student's unique needs and all students are pre-tested in order to tailor specific tutoring programs in the academic areas where each student needs the most help. The average student improves 9 months in math, 9 months in reading and spelling, a 79% improvement in grades and a 69% improvement in self-esteem.

 Nashville, TN 37221-0515
 (866) 300-7750
 Brosenblatt@aAlphaBEST.org
 Web Site: www.alphabest.org

AlphaBEST cares about each student's success in school and in life. Our curriculum is research-based, engaging and fun so that it captures and keeps students' interest while ensuring essential learning. Our teachers work with students in small groups and individually so that each student receives attention in the areas that she/he needs it most. Activities are interesting and related to real-life. Group work also addresses character and teambuilding to help students succeed in all of life. The AlphaBEST programs helps students improve grades and achievement scores in reading and mathematics, as well as build positive momentum for continuing success in school and beyond.

Back on Track Tutoring Association

Contact: **Lynn Owens**
 4500 Johnstone Court
 Arlington, TN 38002
 (901) 388-7902
 bott@midssouth.rr.com

Back on Track Tutoring Association offers tutoring to students in grades 2-12. The service focuses on Reading/Language Arts and Mathematics/Algebra skills that are aligned with the Terra Nova and Gateway assessments. Sessions are provided twice a week for ninety minutes. At each session students receive a snack and juice. Students are administered a Pretest to assess their current instructional level, and to assist in instructional planning. Students are taught fundamental concepts at students' different development levels and abilities. Back on Tract utilizes a well-structured curriculum that results in student learning! Parents are kept aware of student progress through progress reports, communication log, telephone calls, and etc. The Back on Track programs also includes a great motivational component that rewards students for perfect attendance, appropriate behavior, and mastery of skills.

Babbage Net School, Inc.

Contact: Clifford Dittrich
P.O. Box 517
Port Jefferson, NY 11777
(631) 642-2029
SES@BabbageNetSchool.com
Web Site: www.BabbageNetSchool.com

The Babbage Net School program is the “the best of both worlds!” It allows the student to move as fast as their ability will allow or as slowly as they need to achieve success. It also has a certified teacher providing help so every student is successful. This online program allows the student to receive their lessons at any time from any computer. The student begins with a grade level test. After the test the student has a list of lessons on the topics they need to study. The student works on the colorful and interesting lessons until they feel the lesson is learned. A Mastery test checks to make sure that the student knows the material before they move to the next lesson. The student can review the lesson at any time. Lessons can be added to help the student on topics they are working on in school.

Web Site: www.bgctnv.org

Project Learn: The Educational Enhancement Program has five major components. The first, homework help and tutoring, enables participants to develop the daily habit of completing homework and preparing for class. Tutoring includes enrichment activities based on the areas of the child's need. The second area, high yield learning activities, encourages the practical application of skills learned in the classroom and in tutoring sessions. The third component, parent and community involvement encourages parents to support their children in school and take an active part in their academics. The fourth, collaboration with schools, enables clubs to work with teachers to individualize plans for students to build competency in challenging subjects. The final component, gives students recognition for their achievement through awards and incentives for positive academic participation and improvement.

1001 Fleet St.
Baltimore, MD 21202
800-417-3125 (Toll Free Parent Hotline)
Todd.Porter@educate.com
Web site: www.catpultononline.net

Catapult Online offers live, individualized, at home tutoring through its easy-to-use online classroom. The Catapult Online experience mirrors instruction that takes place while sitting together in the same room. In place of in-person communication, students access their tutor, curriculum, and materials through a personal computer and Internet access provided by Catapult Online. Parents choose their child's schedule which generally includes two to four, 60 minute sessions per week. Catapult Online is appropriate for students in grades 3-12 who are functioning at instructional levels 3-9. Catapult Online's research based program uses individualized instruction and mastery learning techniques to improve students' reading or math skills.

School Systems Served: Covington City Elementary School district, Greeneville City School District, Hancock County School District, Hamilton County School District, Knox County School District, Memphis City School District, Metro Nashville-Davidson County School District, Perry County School District, and Richard City Special School District.

CONQUEST Learning Solutions, LLC.

Contact: Terrance Mackey
1266 West Paces Ferry Road
Atlanta, GA 30327
(888) 254-1860
conquestlearning@msn.com
Web site: www.conquestlearning.com

In addition to its commitment to supplemental services, CONQUEST Learning Solutions strives to make sure that a student's progress is accurately measured and reported. Each target skill will be assessed weekly, using CONQUEST assessments and provided to parents and teachers. Progress will be monitored and tracked using a CONQUEST and/or Tennessee State Standards Checklist. This checklist will drive the instruction for the Individualized Lesson Plan. Upon assessment and evaluation, each student area of weakness is identified and placed on a weekly timetable. Daily activities are planned for the student to achieve his/her weekly instruction goals in Reading and Math. A curriculum which is both spiral and sequential, moves at an accelerated pace to teach and test specific skills. Phonemic Awareness, Phonics, Vocabulary, Fluency and Comprehension are the main courses in reading (National Reading Panel, 2001) while Problem Solving and applications are the main courses in mathematics. We assess, teach, re-assess and teach again all our students regardless of learning challenges. We hire teachers that are bilingual and have experience working with children with learning disabilities.

Gain and Sustain Learning*

Contact: Lene' Harris
300 Deerfield Cove
Somerville, TN 38068
(901) 465-3011
lharris3011@yahoo.com

Gain and Sustain Learning teaches and re-teaches what students need to know. Students will GAIN learning, and to make sure they do not forget, they will review over the same learning again about two weeks later to SUSTAIN LEARNING. Gain and Sustain Learning teaches what will be on the TCAP Test during every session. The tutor will work with your child to teach as much of the material as possible. No time will be wasted by teaching students information that is not on the TCAP. Gain and Sustain Learning will design a plan to teach your child. The tutor will use materials that are prepared just for your child's needs. These materials will be from different books, not just one book. Your child will get the benefit of the best learning materials from a variety of different books and workbooks.

5959 Shallowford Road, Suite 515
Chattanooga, TN 37421
(423) 892-8000
mcraft@honorsofchattanooga.com
Web site: www.honorsofchattanooga.com

The Honors Learning Center provides individualized academic remedial and enrichment programs in reading, math, and study skills for students in grades K-12. The individualized programs are comprehension skill based – mastery learning programs that allow the student to translate the new skills learned to their daily classroom studies, with better grades being the goal. The Honors goal is for each student to gain one full grade level based on comprehension skills after 36 hours of instruction. In 2003 and 2004, Honors' students, on average, gained over one full grade level in comprehension skills after 36 hours. Building new confidence and self-esteem for students is a primary focus and is enhanced by the positive reinforcement each student receives. Every Honors teacher has an education degree and is state-certified. The Honors Learning Center's staff gives students the advantage that lasts a lifetime, skills for school and confidence for life.

6055 Primacy Parkway, Suite 436
Memphis, TN 38119
(901) 347-0614
rmcnair@midouthr.rr.com
Web site: www.ifihadahammer.com

If I Had a Hammer is an academic-based, hands-on, contextual learning program that allows students to apply classroom concepts to the real world by building a small house on their own and includes a comprehensive classroom curriculum. In a typical two-hour session, a "boss" leads 15-30 children, whom are outfitted with real tools, in the assembly of an 8X11X10 foot prefabricated house with three windows, siding, a porch, a door, and a roof. Throughout the project students are exposed to the importance and relevance of mathematics, science, communication, art, and social studies. This hands-on learning project helps students hone their academic skills and encourages intellectual curiosity, critical thinking and citizenship. It is an approach that has proudly helped more than 300,000 children across North America lay the foundation for a successful academic future.

Innovative Ideas, Inc.

Contact: Charlotte Patterson
2425 Nunnelee Avenue
Memphis, TN 38127
(901) 353-0940
ideassquaredinc@aol.com

Innovative Ideas is a unique program that uses interactive, instructor-led, hands-on activities to improve students' academic success combined with sports training and health education to improve students physically. Parents and highly qualified teachers work together from the start to ensure that each student reaches his/her goals. Each student receives an Individualized Educational Plan based on his/her needs. Classroom instruction is reinforced and extended in reading, math, Spanish, TCAP testing, Gateway testing and ACT/SAT. Students also use our internet based academic training program to mirror work they've done at school and in tutoring sessions. We work to help students build confidence and develop a positive attitude toward learning. Students receive incentives based on tasks they accomplish throughout the year. Services are provided in schools, local community centers, places of worship and in students' homes.

SkyLearn provides programs that assist Kindergarten through 4th grade students learn skill appropriate subject matter including reading, math, language and writing. The Program provides children with an individualized approach to helping students to read. It also allows students with different learning styles to be closely observed and supported for the most effective instructional delivery to meet learning style needs. A low teacher/student ratio and in-process measurement allows the effectiveness of instructional delivery to be closely observed and adjusted as needed. Students can earn student-valued rewards and recognition in support of incremental achievement. The Program is inclusive of students with behavioral or special needs.

Success Educational Service is a tutoring service specializing in providing academic assistance to K-12 students in the area of reading and/or math. Our services are offered at the students school immediately following the regular school day. Tutoring sessions occur Monday, Tuesday, and Thursday from 3:00 to 4:30. Our staff members are certified educators that have at least 2 year of classroom experience. Students are assessed daily and progress is reported every two weeks. Success Educational Service has experience working with students who perform below level and have demonstrated the ability to assist students improve academically. Our service will allow students to perform better in the classroom and on state standardized test such as TCAP and Gateway. In addition to assisting students improve reading and math skills, we also provide test taking strategies and techniques. We have high expectations and expect participating students to exceed them. Participating students are eligible to receive awards for attendance and participation. In addition, snacks will be provided.

Sylvan provides small-group individualized instruction by certified teachers, primarily in reading, language arts and math. The program starts with a diagnostic assessment, the results of which Sylvan uses to create an individualized prescription. Staff members meet with parents after every 12 hours for progress conferences, and student growth is checked with a progress statement after 36 hours of instruction.

In a positive environment, Sylvan teaches academic skills in individualized programs to students in the areas of reading, math and language arts. Students are given a diagnostic assessment to pinpoint skill gaps, and these skills are taught to mastery in a setting of three students to one teacher. Monthly conferences take place to discuss progress with parents/families and progress assessments take place to measure retention of skills and academic growth.

The University of Memphis Reading Center provides tutoring in literacy tailored to the assessed needs of children in grades 1-8. Tutors are either pre-service or in-service teachers who are seeking advanced degrees in education. Children are assessed individually at the beginning and end of each instructional unit (12 hours) to determine their reading, writing, and motivational levels. Based on the results of the initial reading assessment, a tutoring program is designed that is tailored to the assessed needs of the student. A portfolio provides students and parents at description of the student's learning experiences, areas of growth, and focus areas for additional assistance. In collaboration with the Memphis-Shelby Library's Mother/Father Read Program, the Center also offers a parent support program. Other services offered by the Reading Center include diagnostic reading assessments and intervention directions, professional development and literacy tutor training for teachers, paraprofessionals, and community volunteers.

Making use of extensive technology, X-CEL focuses for the students for the most part, on providing services to low-income students who are experiencing difficulty in a traditional classroom setting and whose performance on standardized tests is below average. X-CEL utilizes evaluation methods and educational tools based upon years of scientific research with the help of a tutorial staff that consists mainly of certified teachers who teach for the most part in Memphis City, Shelby County or other local school systems. Based on the results of our evaluation, and Individualized Education Plan (IEP) is developed for each student to increase his/her performance in Reading and Math through an extensive suite of computer courseware.

*SES providers designated with an asterisk and appearing in blue font have received conditional approval. Conditional approval denotes those providers that are thought to have the capacity to capably deliver SES but have not yet developed a "track record of effectiveness. These entities must reapply to be a provider every year until they can demonstrate a record of effectiveness. All other providers on the list have received full approval to be an SES provider and were deemed by reviewers to have a sufficient record of effectiveness in improving the academic achievement to warrant this status.
